1st General Assembly, Brussels, 26th November 2008
POSTER SESSION

A poster session is organised during the General Assembly which may be visited during the breaks:

- From 8.30am up to 9.30am (registration period)
- From 11.05am to 11.30am (coffee break)
- From 1.00pm to 2.30pm (lunch break)

The posters illustrate current R&D projects or programmes in the field of nuclear fission energy performed either on a national basis, or on a European basis through – for example, the Euratom Framework Programme.

Providers of the posters (maximum dimensions 1m70 high, 1m wide) are asked to put up the posters on the allocated panels upon arrival in the morning. Velcro sticking tape will be provided to attach the posters to the panel.

Panel sides are numbered from **1 to 28** (14 panels in total).
